Spare capacities flight camp 2018

Pritzwalk, 25.1.18

Hello Guys,

we are a group of some enthusiastic glider pilots and operate the airfield Pritzwalk-Sommersberg (EDBU). The airfield is located between Hamburg and Berlin, directly on the north thermal-racetrack to Poland. We have no restrictions.

Based on the airfield is a flight school for glider- and touring-motor-glider-training include aerobatics. During the season every day you can get winch- or airlaunch. Also you can rent gliders or motorgliders. For double-seaters we've hangar-capacities.

You can spent the nights in your own camper, you can use a cheap hotel close to the airfield or you can rent a camper from the flight school for little money. Breakfast, lunch and dinner you can get direct on the airfield for 15,- € a day, beverages are includet.

Towpilot, winchdriver and flight manager are available, the food is very rich – you have only to fly and to let spoil. Individual glider-pilots we pick up after an outlanding.

Students can continue the training – our ATO can teaching in English.

The offer is aimed to clubs, groups of private gliderpilots, individual pilots and students. We have flight training every day during good weather.

Our airfield has spare capacities in June, first week of July and complete August – so if you are looking for a flight camp, please dont hesitate to contact us via info@abenteuer-segelflug.com or info@segelflugzentrum-am-sommersberg.com.

You'll get all informations you want and an overview about our services and fair prices.

Sincerly
